

CHARGED WITH MURDER.

VERDICT OF THE MICHELSTOWN JURY.

READ CONSTABLE BROWNING AND FIVE POLICE-

MEN FOUND GUILTY AT THE CORONER'S INQUEST.

LONDON, Oct. 12.—The jury in the Michel-

stown case rendered a verdict of murder against

Inspector Brownrigg, Sergeants Kirwan, Ryder

and Brennan, and Constables Gavan and Doran.

During the proceedings to-day attention was

drawn to the fact that the policemen charged

with the shooting had been removed from the

district on the eve of the jury's verdict. The police

inspector said that the men had been removed

because their duties in the place had ceased, but

that they would return if necessary. The coroner

declared that the removal of the police was illegal,

improper and unconstitutional.

After all the evidence had been submitted Mr.

Harrington, who appeared against the men charged

with the shooting, asked that a verdict of wilful

murder be returned against Head Constable

Brownrigg and the five policemen who fired under

his general order. Mr. Harrington accused Constable

Brownrigg of deliberately planning the murders.

The coroner has issued warrants for the arrest

of the men found guilty.

The inquest in the case of John Kinsella, the old

man who was shot by a constable, continued to-

day at the coroner's court, at Greengrove, County

Dublin, on September 28, has resulted in a

verdict of murder against Captain Hamilton, the

agent of the estate, and the men and bailiffs who

were engaged in the affair.

THE CROWN PRINCE'S THROAT.

SERIOUS SYMPTOMS THAT CAUSE ANXIETY TO HIS

PHYSICIANS.

BERLIN, Oct. 12.—In an interview to-day Dr. Mac-

Kenzie said: "The Crown Prince's general health is good,

but unhappily there are certain symptoms which cause

anxiety. The chronic catarrh of the larynx tends to in-

crease. The acute inflammation of the windpipe. The Crown

Prince had such an attack, accompanied by high fever,

during his stay at Toblach. The acute inflammation of

the windpipe was speedily cured by treatment. The

Southern climate has also had a good effect. But the

acute inflammation of the mucous membrane of the

throat is a serious matter. It may lead to the forma-

tion of a permanent fistula, which might cause con-

siderable trouble. The Crown Prince is now in a

serious condition. The physicians are very anxious

THE DISASTER IN INDIANA.

ELEVEN LIVES KNOWN TO BE LOST.

TESTIMONY OF THE RAILWAY MEN BEFORE THE

STARK COUNTY CORONER.

KOUTS, Ind., Oct. 12.—It is now settled that no one

will ever know definitely how many persons perished in

the Chicago and Atlantic disaster. The estimates continue

to vary from thirty down to eleven. One more of the

victims has been identified. Thomas Malone, of No. 55

Blue Island-ave., Chicago, arrived here this morning,

searching for his sister, Bridget Malone, who left Chicago

on the train Monday night, on her way to New York,

where she was to take the steamer for Queenstown. He

had a conversation here to-day with Joseph McCool, the

Boston young man who escaped so miraculously from the

train. Mr. McCool said that he saw his sister on the

train on the front of the train on the side opposite the

engine. McCool remembered her, and at once placed her

as the unknown Irishwoman who was burned to death.

This morning an undertaker from Valparaiso drove

into Kouts with a wagon load of three cheap coffins in-

stead of pine boxes. One was to be devoted to the

body supposed to be A. Lindburg, who

was crushed in the shattered freight cars. In one of the

others were placed the bones of the Perry family, and

the third rude box was assigned to Miss Malone. The

victims were taken to the cemetery. The little grave-

yard near the town this afternoon. The Rev. Dr. Atkins,

of the Christian Church, conducted services at the cem-

etery.

The dead as far as known are: Dr. William Perry,

wife and daughter, of North Hudson, Ind.; Charles Miller,

Mrs. Lena Miller, Frederick Miller, William Miller, Hor-

man Miller and Minnie Miller, of Dundee, Ill.; Bridget

Malone, of Chicago, and Dr. Charles Wright, Mrs. E. Rogers,

Engineer Dorsey and Fireman Willets, of this city.

None of the injured is in a serious condition and they are

doing well.

The coroner of Stark County, who accompanied the

dead and wounded under the escort of the railroad

officials, took testimony up to midnight. J. B. Parks,

conductor of the passenger train, testified that his train

was nearly two hours late, having broken an eccentric

strap on the engine between Harburt and Boone Grove.

"We stopped at Boone Grove and the engine was re-

paired. In three minutes train No. 48 started on

its way and telegraphed the sleeper into

the ladies car, smoker and baggage cars. The wreck

took place at once. We got sixteen passengers out.

TO CLUB TO THE "QUEEN'S TASTE."

A FINE OUTLOOK FOR THE SOCIALISTS.

INSPECTOR STEERS WILL ATTEND THEIR MEETING.

—HIS MEN DO NOT FEAR.

Superintendent Murray's report to the Police Board

regarding the clubbing in Union Square on Saturday night

was not completed yesterday. He said that he had not

received any affidavits from members of the Progressive

Labor party who were clubbed. It is not unlikely that

the police officials will attend their meeting on

Saturday night. The Police Board will attend the

meeting in the Square on Monday evening. There is

talk of arresting any speakers at that meeting who may

make use of inflammatory language.

To a Tribune reporter who asked what steps had been

taken to prevent disorder at the meeting, Superintendent

Murray said: "I do not think there is reason to

expect serious trouble at the meeting, but the police

will be prepared to meet any emergency that may

arise."

"Who will have command of the police at the meet-

ing?" "Inspector Steers will be at Union Square, but I may

be pretty near there, also."

Inspector Steers said: "You may depend on it that

the police will not make any attack on the crowd with

out orders. There will be no clubbing unless there is

cause for it."

Supporters of the cause are attempting to repeat the Haymarket

performance in Chicago."

"The police of this city will not run away from a crowd

of thousands of people. It is not likely that the police

will be able to do anything to prevent the meeting. It is

the duty of the police to maintain order and to prevent

disorder. The police will be prepared to meet any
